CITY COUNCIL SUMMARY | September 04, 2025 | PUD 137 | Staff pulled this item from the agenda due to lack of supporting documents (agreements) requiring signatures.

PLANNING COMMISSION SUMMARY | August 09, 2025 | PUD 137 was conditionally approved as presented along with the parking plan. This PUD approval is for a Food Hall with no second floor and most closely represents the original concept. The required parking is offsite and requires approval.

CITY COUNCIL SUMMARY | February 07, 2023 | PUD 137 was *Conditionally Approved*, Ordinance was not filed due to outstanding requirements.

PLANNING COMMISSION SUMMARY | January 19, 2023, | 6-0-1 | Approved per staff recommendation.

STAFF COMMENTARY | In August of 2021, City Council approved Resolution No. 741 encouraging and incentivizing economic development on 200 South Aquarium Drive. The parcel is part of the Aquarium campus under multiple authorities including City of Jenks, Jenks Public Works Authority, Jenks Aquarium Authority (JAA) and Oklahoma Aquarium Authority (OAF). The approved resolution states that the property is to be developed with an appropriate use *complementary to the Aquarium* and it would *benefit the City by increasing sales tax, and jobs and draw visitors to the Aquarium and support the continued development of the City's riverfront as a dining and entertainment destination.*

The property was deeded, 7/15/2022, to "Inspiration Hall, LLC" for the purpose of building a food hall along with entertainment and recreation amenities. Since the approval, the vision from the developer

team has changed multiple times based on feedback from the City of Jenks, the Oklahoma Aquarium foundation and tenant opportunities in the market. After working through those iterations, the uses were recently confirmed as Food Court within the envelope of single-story building. Staff believes this use to be in line with the vision of the Comprehensive Plan and the long-range goals of the aquarium and the original approved PUD 137 (food hall with outdoor entertainment and recreation).

Comprehensive Plan

RTC –Riverfront Tourist Commercial District. The RTC District shall be limited to areas located within the Riverfront Subarea of the Jenks Comprehensive Plan. The District shall include those uses which make use of and provide waterfront amenities and riverfront activities. The type of use and site design should harmonize with the intended character of the waterfront area as established in the Riverfront Subarea Plan.

The Riverfront should include a unique mix of commercial, entertainment, public waterfront, and residential uses between East K Place to the north and Creek Turnpike to the south, as outlined in the Riverfront Subarea

New development should face the River or front key streets such as Aquarium Drive. As the district develops, it will benefit from access to improved open spaces on the Arkansas River and proximity to Downtown and the Outlet Mall.

Staff Evaluation & Recommendation

Evaluation | This site is located on the Aquarium campus, the PUD is limited in content, as presented the project will not meet all the standards of the UDO including the parking. The UDO lays out the parking requirements. The applicant has presented an alternative/adjusted parking agreement is part of the PUD application.

The PUD no longer allows for many uses which are not part of the design or site plan. Approving the PUD and allowed Uses will create a path forward for a food hall/entertainment to be designed and built. Residential uses and Marijuana uses are prohibited in the PUD along with most other uses, event space as a separate commercial entity is not allowed within the RTC or the PUD.

ENFORCEMENT OF CODE | This subdivision is subject to all applicable standards and requirements outlined in the Unified Development Ordinance (UDO), engineering criteria, and the City of Jenks Code, unless explicitly modified by the approved Planned Unit Development (PUD). It is the applicant's responsibility to ensure compliance with all relevant code/criteria provisions; the City of Jenks is not obligated to notify applicants of applicable UDO or code requirements.

The approved PUD is enforceable by the City of Jenks Code Enforcement Division. However, the City does not enforce private covenants or agreements.

Plat Language to be Reconciled | Not complete list

1. Identify on Site Plan | *Arkansas River: A 100 Foot Riparian Vegetation Setback is established along the Banks of the Arkansas River. **The Riparian Vegetation Setback shall be measured from the Bank of the Arkansas River further defined as the normal high-water line or vegetation line of the river. Variance to the 100-foot setback may be applied for through the Oklahoma Department of Environmental Quality in cooperation with U.S. Fish and Wildlife Service.*

Uses within the Riverfront Entertainment/Tourism District should be designed to provide public entrance from the waterfront site of the building and provide a view in the waterfront direction. Public access along the waterfront between buildings and the river should be promoted.

PLAT | Off-Street Parking: Off Street Parking Stalls shall be installed in accordance with City of Jenks Zoning Code Requirements. Shared or Common Parking Stalls shall be allowed with contractual agreements with the principal owners of the lots to be shared and with any lease holder greater than 10 years. Off Street Parking Stalls developed under the 96th Street and Pedestrian Bridges shall be included within totals for Lot 4 Block 1 “Oklahoma Aquarium Campus”.

2. SECTION III – ARCHITECTURAL CONTROL COMMITTEE | B. *No building, fence, wall, placement of exterior lighting, signs, or any proposed construction requiring the issuance of a building permit shall be erected, placed or altered on any lot in this subdivision until the*

- *building plans and specifications,*
- *drainage and grading plans,*
- *exterior color scheme and material thereof,*
- *and plot plan, which plot plan shows a landscape plan and the location and facing of such building*
- *have been approved in writing by the Oklahoma Aquarium Campus Architectural Control Committee to be composed of the members of the Jenks Aquarium Authority (JAA), a Public Trust of the City of Jenks.*

The Architectural Control Committee’s purpose is to promote good design and compatibility within the subdivision and to enforce the Riverfront/Boardwalk Appearance Review District of the City of Jenks within the boundaries of the “Oklahoma Aquarium Campus” subdivision plat. The following guidelines and criteria are hereby established and in force for the “Oklahoma Aquarium Campus” subdivision plat and shall be taken into consideration during the review by the Architectural Committee (JAA).

1. *Appearance/Design:*

- A. *Building design and site plan details should be so designed to provide building exterior walls and structural facades of a style reflecting a Riverfront/Boardwalk. Exterior walls of buildings visible from the fronting street must provide an aesthetic pleasing appearance utilizing approved Riverfront District design features, landscaping, color schemes, and other architectural treatment to eliminate monotone or monolithic exterior walls or structural facades in order to be compatible with the Riverfront District.*
- B. *In addition to design and building materials, the use of building setbacks, landscaping, signage, lighting, and other site specific amenities should harmonize with the intended character of the waterfront area.*

UDO MINIMUM STANDARDS PER CODE:

(F) Shared Parking Facilities.

(1) Purpose. Shared parking is encouraged as a means of conserving land resources, reducing stormwater runoff, reducing the heat island effect caused by large, paved areas, and improving community appearance.

(2) Authorization. Shared parking facilities for off-street parking of two or more buildings or uses may be approved by the Planning Commission subject to compliance with this section.

(3) *Location. Shared parking facilities shall be located within 300 linear feet of the primary entrance of the main residential building and within 500 linear feet of the primary entrance of the main nonresidential building.*

(4) *General Requirements.*

(a) *The number of parking spaces provided shall not be less than the sum of the separate requirements for each such building or use. Where a mix of two or more land uses creates staggered peak periods of parking demand, shared parking agreements that have the effect of reducing the total amount of required parking may be approved.*

(b) *Required accessible parking spaces for persons with disabilities may not be shared and shall be located on-site.*

(c) *Adjacent lots that are subject to a shared parking agreement shall be interconnected by the provision of a cross-access easement for vehicular and pedestrian passage.*

(5) *Shared Parking for Uses with Different Hours of Operation.*

(a) *For purposes of this section, the following uses are considered daytime uses:*

(I) *Office Uses,*

(II) *Commercial Service Uses,*

(III) *Commercial Retail Uses,*

(IV) *Industrial Uses, and*

(V) *Other similar primarily daytime uses, as determined by the Planning Commission.*

(b) *For purposes of this section, the following uses are considered evening or weekend uses:*

(I) *Physical Health and Entertainment Uses,*

(II) *Public/Semi-Public Uses,*

(III) *Eating and Drinking Uses, and*

(IV) *Other similar primarily nighttime or weekend uses, as determined by the Planning Commission.*

(6) *Shared Parking Study. The applicant(s) shall demonstrate, through a professionally prepared shared parking study, that there is no substantial conflict in the peak periods of parking demand of the uses for which shared parking is proposed. The shared parking analysis shall include, at minimum, the size and type of the proposed development, the composition of tenants, the anticipated rate of parking turnover and the anticipated hourly and peak parking and traffic loads for all uses that will be sharing parking spaces. If existing land uses are to be included in the shared parking agreement, the study shall also include parking counts that document parking occupancy during weekday, weekend, daytime, and evening periods of peak and off-peak parking demand.*

(7) *Agreement. The applicant(s) shall provide a copy of the executed shared parking agreement prior to the City Council's authorization of a shared parking facility permit.*

(a) *Shared parking agreements shall have a term of not less than five years, including any renewals at the option of the lessee.*

(b) *Authorization of the shared parking facility will continue in effect only as long as the agreement, binding on all parties, remains in force. Should the agreement cease to be in force, parking must be provided as otherwise required by this section.*

(G) *Adjustments to Required Parking. The purpose of this section is to allow adjustments to the minimum number of parking spaces required to avoid constructing unneeded and excessive off-street parking areas. Reducing the amount of excess off street parking areas is intended to provide for more cost-efficient site development, to eliminate constructing more impervious surface than necessary, to minimize storm water runoff, to avoid construction of unnecessarily large storm water management facilities, and to provide more landscape areas and open space on commercial and industrial sites. To achieve these purposes, the Planning Commission or Board of Adjustment may reduce the minimum number of required off-street parking spaces in specific cases as described in this section.*

(1) *Adjustments. In all districts, the minimum number of required parking spaces may be adjusted on a case-by-case basis. The petitioner for such an adjustment shall show to the satisfaction of the Planning Commission or Board of Adjustment that adequate parking will be provided for residents, customers, clients, visitors, and employees. The following provisions and factors shall be used as a basis to adjust parking requirements:*

(a) *Procedures. The petitioner shall submit the requested parking reduction with the Planning Commission when the request is to be approved as part of a plan review or other Planning Commission permit process. The petitioner*

shall submit the requested parking reduction to the Board of Adjustment if the request is an amendment to a previously approved site plan or not otherwise part of a Planning Commission permit process.

(b) Evidence That Actual Parking Demands Will Be Less Than Ordinance Requirements. The petitioner shall submit written documentation and data to the satisfaction of the Planning Commission or Board of Adjustment that the operation will require less parking than required in Table 16-6-1(E).

(c) Use of Optional Modes of Transportation. Upon demonstration to the Planning Commission that effective alternative transportation to the automobile will occur within 12 months following the issuance of the certificate of occupancy, the Planning Commission may reduce parking requirements. Optional modes of transportation may include, but are not limited to, bus transit, van pool operations, car pool/ride sharing, and bicycles. Parking management plans/operations may also be used as a basis to reduce required parking. Parking management plans may include, but are not limited to, flexible working hours or shifts, preferential parking for car pools/van pools, transit/van pool fare subsidy, and establishment of a transportation coordinator to implement carpool, van pool, and transit programs. Proposals for adjustments of parking requirements under this section shall show how the alternative transportation modes will be implemented, the permanency of such modes, extent of the program, the number of vehicles the mode will replace, and other pertinent information as requested by the Planning Commission.

(d) Bicycle Parking and Credit. Any use which provides bicycle parking beyond the minimum requirement as detailed in section 16-6-1(I)(4)(c) may be granted a credit toward one required vehicle parking space for every four additional bicycle parking spaces. A maximum of four required vehicle parking spaces may be substituted for additional bicycle parking spaces.

(2) Space to be Set Aside for Reduced Parking. The Planning Commission may require the site plan for the commercial or industrial use be designed to provide sufficient open space on the subject site to accommodate the additional parking spaces otherwise required by this article. Such open space shall be in addition to required yards, setbacks, driveways, private streets, loading and service areas. Sufficient open space shall be provided which, if converted to off-street parking areas, would provide off street parking to meet the full requirements of this article at the time of application.

(a) Planning Commission Review and Verification. Upon the receipt of a complaint, the Planning Commission shall review the adequacy of parking where an adjustment to parking requirements has been granted and set aside space has been required. If the parking is found to be inadequate, the Planning Commission shall order the use of the property to comply with the parking requirements set forth in Table 16-6-1(E).

Recommendation | Staff has reviewed each version of this project, there have been multiple site locations, parking plans, and change of use over the past several years. The developer group will stay on this lot at this location on the Oklahoma Aquarium Campus and seeks approval of the Planned Unit Development, the parking plan, building design, and conceptual site plan. Planning Commission did approve the draft/conceptual plans as presented as well as the draft agreements for parking; the project will meet the requirements of UDO unless it is outlined in the PUD 137 Overlay.

Staff and Planning Commission recommend conditional approval.

1. Detailed Site Plan approval required as separate submittal before issuance of building permit.
 - a. Formal Site Plan Submittal Required before building permit is released. There are multiple site plan requests needed including but not limited to the following:
 - i. Dimensions and scale of site plan.
 - ii. Landscape Plan for site and parking lot.
 - iii. Lighting? Provide samples.
 - iv. Completion of information requested in the staff report and on other documents.
 - v. TRAIL: Provide public 30-foot access easement is needed along Arkansas River and work with City of Jenks for trail location and other public amenities.

- vi. Identify the storm drain easement on the north side of building.
 - vii. Overlay: Provide image of site plan and parking plan over the plat.
2. Work with JAA and OAF to reconcile and approve Plat requirements.
 - a. Deliver signed letter from JAA and OAF to City Staff verifying approval of Parking Plan and site plan. *Signed documents included in packet.*
 3. Work with engineering staff to complete subdivision requirements per UDO and engineering.
 4. Parking Lot comments. *Signed parking agreements have been provided.*
 - a. NW Parking Lot
 - i. Confirm and provide the dimensions of the NW parking lot. I don't think you are using the correct northern boundary line.
 - ii. The NW parking lot has a power pole not shown on the plan, please show on plan and adjust accordingly.
 - b. SW Parking Lot. *Set aside space was required with the triangular piece. If the parking is found to be inadequate, the Planning Commission shall order the use of the property to comply with the parking requirements set forth in Table 16-6-1(E).*
 - i. Work with COJ regarding the triangle parcel (SW) parking.
 - ii. There are 3 large transmission structures owned by PSO. They are not shown on the parking plan and will deeply impact the number of spaces allowed to be developed.
 - iii. Staff recommends this space to be set aside for potential parking. *Upon the receipt of a complaint, the Planning Commission shall review the adequacy of parking where an adjustment to parking requirements has been granted and set aside space has been required. If the parking is found to be inadequate, the Planning Commission shall order the use of the property to comply with the parking requirements set forth in Table 16-6-1(E).* In this case, as per the parking agreement, the City of Jenks would build additional parking west of the current employee parking.
 - iv. Controlled access gate adjacent to the Aquarium employee parking is to be built with project or as required by the property owner.
 - v. Work with PSO during design to get approval and build parking under the powerlines.
 - c. Parking agreement must be signed.
 - i. Parking Agreement must be approved by JAA & OAF and COJ.
 - d. Engineering:
 - i. Work with Corp of Engineers regarding parking near the levy. Generally speaking, the Corp requires the development to be 15 feet from toe of levy.
 5. PUD 137 was conditionally approved but PUD Ordinance and full approval of the PUD will not be adopted until all "original" Plat requirements and parking agreement is finalized and approved by required parties.

 - b) Developer guarantees reimbursement payment (“Sales Tax Payback”) to the City of an average of at least One Hundred Thousand Dollars (\$100,000.00) per year until the Project Fund is fully reimbursed (the “Reimbursement Schedule”). Reimbursement Schedule shall commence on the day Project opens for business and be calculated on each Three Hundred Sixty-Five (365) day anniversary.
 - c) In the event average annual Sales Tax collections for the Project fall below the amounts in the Reimbursement Schedule, the City or OAF will notify Developer of the shortfall amount and Developer shall have Forty-Five (45) days from receipt to become current with the Reimbursement Schedule. Failure to do so within Forty-Five (45) days shall incur a penalty of Five Percent (5%) of the shortfall amount every Thirty (30) days thereafter.
 - d) Any Sales Tax collections which are in excess of the Reimbursement Schedule will be applied to the Project Fund amount and serve to accelerate the repayment thereof.
 - e) Force Majeure- The obligations under this section will be excused and failure to remain current with the Reimbursement Schedule will not constitute a default for a reasonable period of time up to twelve (12) months if due to the occurrence of Event of Force Majeure. “Event of Force Majeure” under this Agreement means: (1) act of God (such as fires, tornados, earthquakes, floods); (2) war, invasions, riots, insurrections, civil commotion, mob violence, acts of terrorism; (3) riot, commotion, strikes, lock outs or disorder, unless solely restricted to employees of the Developer or its tenants; (4) pandemic during which an order from a government authority greatly curtails hours or operations or which results in a cessation of operation and against which it would have been unreasonable for Developer or its tenants to take precautions.

f) The amount of the annual Sales Tax collections from the Project received by the City will be calculated by the City based upon the quarterly reports from the Oklahoma Tax Commission to the City Treasurer (and will then be averaged with previous years, if any). Prior to opening date, Developer shall provide the City with an initial list of all tenants at the Project which includes the legal business entity names and the vendor numbers assigned by the Oklahoma Tax Commission for all tenant of the Project. The right of first refusal may be exercised by OAF or its assigns through the delivery, mail, facsimile transmission, or e-mail of written notice, indicating the exercise of the right of first refusal, to the owner within the ten (10) day period. The terms and purchase price for the purchase of any or all of the Property by the OAF after the right of first refusal has been exercised shall be identical to the bona fide offer received by the owner of the Property. For purposes hereof, an offer will only be considered to be a "bona fide offer" if it is accompanied by a bank or certified check in an amount equal to not less than ten percent (10%) of the purchase price specified in the bona fide offer, the identity of the purchaser is disclosed, the offer is made to the owner and is approved by the owner or a majority vote of the owner, if owner is an entity of any kind. If and to the extent that this restriction is or must be dependent upon the existence of other property benefited by the restriction, this restriction is intended to benefit the properties of the Oklahoma Aquarium Campus, with the underlying fee owned by the Oklahoma Aquarium Foundation or the City of Jenks. LEASE

KNOW ALL PEOPLE BY THESE PRESENTS:

That the **OKLAHOMA AQUARIUM FOUNDATION**, hereinafter referred to as “OAF” or “Lessor”, hereby agrees to lease the property as depicted on Exhibit A attached hereto, hereinafter referred to as the “Subject Property”, to **INSPIRATION HALL, LLC**, an Oklahoma Limited Liability Corporation, hereinafter referred to as “Lessee” or “Developer”, which agrees to lease the same from OAF and complete the parking improvements as shown on Exhibit A at Lessee’s sole cost and expense.

Recitals: The Lessee is in the process of designing, engineering, and constructing a facility adjacent to the Subject Property to house a one story food hall for private dining and entertainment activities (“Food Hall”) and Lessee requires additional parking for employees and visitors as shown on Exhibit A. The date the Food Hall is opened shall be the “Commencement Date.”

In consideration of the mutual covenants and conditions hereinafter set forth, the parties hereto agree as follows:

1. The OAF will grant an initial twenty (20) year lease term to Lessee with two (2) ten (10) year options to extend the lease to a total of forty (40) years. Lessee will give written notice to OAF of its intent to exercise a renewal option at least 360 days prior to expiration of a lease term. Lessee agrees to maintain standards related to architectural, concrete and other building materials, landscaping and maintenance of the property designated as parking as well as the proposed Food Hall and shown on Exhibit A to a quality consistent to average industry standards for any point in time during the duration of the Lease. This includes the duty to rebuild the parking lot at any point during the lease term if the lot falls below industry standards or reaches the end of its useful life due to cracking, pot holes, foundation failure, standing water, warping, or crumbling.

2. Lessee shall not charge any fees for the use of or parking within the Subject Property. If any parking or usage fees are ever charged on the Subject Property, Lessee shall remit fifty percent (50%) of any revenue generated from such fees to Lessor as “Additional Rent”.

3. Based upon a site plan provided by Lessee, the OAF and the City of Jenks (“City”) will have final approval through the City’s planning and zoning process of the parking plan shown on Exhibit A. The leased tract shall be subject to any easements retained by OAF and/or the City as may be needed for public access to the overall Aquarium site or as may be proposed and presented for additional construction from time to time.

Cross-parking shall be mutually allowed between the Food Hall and nearby commercial uses, the Aquarium, or any future commercial use of the adjacent commercial sites, but not between the office uses and the Oklahoma Department of Wildlife Conservation office parking area unless approved in writing and documented with proposed site modifications in the future.

4. Lease payments shall begin on the Commencement Date. Base Rent payable to OAF shall be as follows:

Months 1 – 120	\$1,000 per month
Months 121+	\$1,000 per month

Base Rent shall be paid within fifteen (15) days after the previous monthly period.

5. The Lessee will construct parking lots to accommodate parking as shown on Exhibit A, with fencing as needed, built to the Jenks City Engineer's specifications for flood plain master planning and with a minimum number of parking spaces as set forth and required by the Zoning Code of the City of Jenks. Lessee shall also install, at its expense, parking-paving (asphalted), curbs and gutters, parking lot streetlights, and, if needed, a concrete pad for a dumpster loading in an area accessible to the Food Hall, to minimum standards determined by the Jenks City Engineer. After completion of the parking lot and possible pad, Lessee shall assume any liability for claims arising thereafter and future maintenance and repair.

Lessee shall, at its expense, install and maintain fencing and gates to the shared employee parking area shown on Exhibit A in a manner that allows access to the lot by the employees of the Aquarium and the Food Hall, but restricts access by the general public. Lessee, during the term of this Lease, shall, at its expense, ensure the employee parking area is secure, protected, and can not be accessed by non-employees. OAF and Lessee shall review reasonable security measures, based, in part, upon Lessee's recommendations, to be provided by Lessee in the shared employee parking area, during the Term of the Lease, on an as needed basis. The OAF must approve of Lessee's recommended security measures provided to be provided by Lessee in the shared employee parking areas during the Term of the Lease.

Lessee will install and maintain landscaping in an aesthetically pleasing manner. Non-developed lots or easements, if any, adjacent to the parking site shall be maintained by Lessor in a manner not detrimental to the Food Hall, the Aquarium, or any other commercial facilities in the immediate area.

6. Water for irrigation, drive lanes and aprons, and any roadways will be provided at the sole cost to Lessee. All other utilities and any costs associated with the same are the responsibility of Lessee.

7. The property is zoned under a Specific Use Permit and proposed construction is subject to being reviewed and approved under the terms of the Permit and the requirements of the Riverfront District provisions of the Jenks Zoning Code. Additional construction on the site shall require approval of OAF.

8. Signage shall be subject to the requirements of the Jenks City Code and any stipulations in the zoning in the Specific Use Permit. Appropriate signage indicating parking will be incorporated into master planning for the parking facility. All parties recognize the benefit of cooperative advertising, signage and shared advertising as mutually agreed.

9. In the event (i) construction of the Food Hall has not been completed by October 15, 2027, or (ii) of closure of the Food Hall for an eighteen (18) month period, then this Lease shall terminate and any improvements will revert to the OAF and/or the City. In the event of such termination, Lessee shall be responsible for immediately removing any liens on the Subject Property.

10. Lessee will hold harmless and indemnify the OAF, the City, and the Jenks Public Works Authority and their officers, directors, employees, and agents harmless from claims arising on the leased site, unless caused by an affirmative action of the same.

11. Lessee shall be responsible for all utility service charges and any ad valorem, personal property or other taxes associated with its lease of the Subject Property and its improvements and use thereof.

12. Lessee shall, during the Lease Term, maintain in full force and effect a policy of public liability and property damage insurance with respect to the subject property, leasehold improvements and the business conducted by Lessee. Such public liability and property damage policy shall be in a comprehensive general liability form including premises operation and personal injury coverage, independent contractors and broad form including premises operation and personal injury coverage, independent contractors, and broad form property damage of not less than \$2,000,000.00 and \$2,000,000.00 blanket contractual liability. Such insurance shall contain a clause that the insurer will not cancel or amend the insurance without first giving the OAF and/or the City thirty (30) days prior written notice. A copy of the policy or certificate of insurance shall be delivered to the OAF and the City.

13. Lessee shall use and occupy the premises for a parking lot only. Lessee shall neither permit on the Subject Property any act, sale, or storage that may be prohibited under standard forms of insurance policies. In addition, no use shall be made or permitted to be made that shall result in (a) waste on the premises, (b) a public or private nuisance, (c) improper, unlawful, or objectionable use, including sale or storage of materials generating an odor on the premises. Lessee shall comply with all government regulations and statutes affecting the Subject Property either now or in the future.

14. Lessee shall have quiet and peaceful possession of the Subject Property during the term hereof without hindrance by OAF or the City.

15. The covenants and agreements herein shall be conditions as well as covenants, and breach of any of them, or that failure to pay rent within thirty (30) days of due date, or the abandonment of the Subject Property, or the making of an assignment for the benefit of creditors by Lessee, or the appointment of a receiver for Lessee, or the filing of a petition by the Lessee for reorganization, or relief of debtors, or a voluntary petition in bankruptcy, or adjudication of bankruptcy of Lessee, or a violation of any restriction contained in that certain deed from OAF to Lessee for the Food Hall property and recorded with the Tulsa County Clerk on July 22, 2022 as Document #2022076101, shall constitute a default on the part of Lessee.

Further, any Default or Material Breach of Developer of its obligations under the Second Amended and Restated Economic Development Agreement (or as amended thereafter) between the OAF and Developer shall be considered a material breach under this Lease. Upon such breach, this Agreement shall be considered terminated and Developer shall have no rights under this Agreement.

Upon default by Lessee, the OAF shall, at its option, have the following remedies:

(a) terminate the Lease and take possession of the Subject Property; (b) terminate the Lease and recover damages in an amount equal to the unpaid future rent based upon the average monthly rental for the previous 12-month period, or in any greater amount permitted by Law; (c) any remedy permitted by Federal or State law and the remedies granted to OAF shall be cumulative, and exhaustion of one shall not preclude OAF from resorting to the other. The waiver by OAF of any default shall be a waiver or consent to the continuation of such default or to a subsequent default.

(b) OAF shall give notice of default to Lessee's lender and lender shall have thirty (30) days after said notice to cure the default prior to OAF exercising remedies set forth above.

16. OAF has the right to assign its interest in this lease as security for the payment of any mortgage on the Subject Property it may secure in the future or the adjacent properties of OAF, provided, however, that any such assignment does not relieve OAF of any of its obligations.

17. Lessee agrees to pay a late charge equal to six percent (6%) of the monthly rent installment as herein provided when any installment of rent is paid more than ten (10) days after the due date thereof. It is hereby understood that this charge is for extra expenses incurred by OAF and shall not be considered interest.

18. Prior to final approval of this Lease, Lessee shall provide copies of any liens or mortgages on the Food Hall property. Lessee shall also provide evidence of financial ability to construct the Food Hall and pay off any such liens or mortgages.

19. At the expiration of this Lease, or sooner termination thereof, the Lessee shall give possession of the Subject Property to OAF and in as good condition as when Lessee commenced possession, usual wear and tear excepted.

20. This Agreement may not be transferred or assigned by Developer without the express written consent of the OAF.

21. Lessee acknowledges and agrees that it has not relied upon any statement, representations, agreement or warranties except such as are expressed herein, and that no amendment or modifications of this Lease shall be valid or binding unless expressed in writing and executed by the parties hereto in the same manner as the execution of this Lease.

22. If either party brings any action or proceeding to enforce, protect, or establish any right or remedy, the prevailing party shall be entitled to recover reasonable attorney's fees. Arbitration

is an action or proceeding for the purpose of this provision. For the purposes hereof, OAF shall be deemed to have prevailed in any unlawful detainer if the action is dismissed by reason of Lessee's curing of the default upon which such action was based. Lessee shall reimburse OAF any and all costs incurred by OAF in collecting any delinquent payment due from Lessee hereunder whether action is instituted therefore or not.

23. The OAF shall have the right, during the term of the Lease, to draft and enforce rules, and regulations related to the shared employee parking lot to ensure the access to the employee lot and safety of employees utilizing the lot.

24. The covenants and agreements of this Lease shall extend to and be binding upon the heirs, executors, administrators, successors and assigns of the parties hereto where the context hereto requires or admits.

25. This Lease shall be subject to and governed by the laws of the State of Oklahoma.

Per SUP 43:

The Aquarium campus was approved and planned for Commercial out-parcels (approximately 28 acres more or less) which was planned in order to add value to the overall development by enhancing the visitor experience and appeal of the Riverfront District in areas adjacent to the aquarium and further believed would reinforce retail opportunities in Jenks that complement the Downtown shopping core and the Antiques and Collectibles District, uses such as hotel accommodations and boardwalk boutiques shopping being the most desirable. Leaseholds from JAA/OAF were stated to be the intended real estate format for the commercial out-parcels.

Architectural Style and Concepts

The architectural character of the aquarium was approved to be a mixture of *Cape Cod and Victorian* derived from existing structures in several areas of the Theme District in Jenks. *White picket fences, period street lighting, white siding, asphalt shingle roofs, and brick masonry wainscot will be the primary design elements. The aquarium will be a modified campus approach with the main form consisting of a primary structure which gives the appearance of several structures and detached structures which are connected by causeways/boardwalks and feature outdoor exhibits and other related elements.* The architectural concept will allow for the phased construction of aquarium components—the additions and enhancements.

MEMORANDUM

DATE: October 28, 2025
TO: CHAIRMAN, MEMBERS OF JAA AND OAF
FROM: KENNY ALEXOPOULOS, CHIEF OPERATING OFFICER
RE: FACILITY AND STAFF UPDATES

Dear Jenks City Council, Members of JAA and OAF

The Aquarium's attendance and revenue is off to a good start this quarter with figures at or ahead of 2024.

Events:

- This is the first year the aquarium had a daytime Hallowmarine event. We had a larger than expected turnout for both Friday and Saturday, with many parents commenting on how nice it was to bring their youngest children to a daytime Halloween event. This allows us to capture a wider audience.

Outreach:

- The aquarium is a finalist in Special Organization of the year in environmental excellence from Keep Oklahoma Beautiful.
- OKAQ GO is outreach programming for education. They have served over 680 students in the Tulsa Metro Area.
- We partnered with the Arts@302 for their Halloween themed art show.
- Education went to visit Youth Services of Tulsa. They will be bringing kids to the aquarium on Saturday, October 25th.

Projects and Construction:

- The large concrete tanks in the new Shark Research building are now prepped and ready and should be waterproofed next week.

Thank you,
Kenny Alexopoulos
Chief Operating Officer
